Map depicting the world of what was going to do after World War II

[World War II](#) this was produced in October 1941 just before the "POST-WAR NEW WORLD MAP". Content is drawn by what happens in the world after the Second World War, what was in store for projecting color printing in 1942 by Maurice Gomberg in Philadelphia map maker.

First, the whole of topic. Parts are painted in blue color and the American protectorate, pink is the Soviet Union.

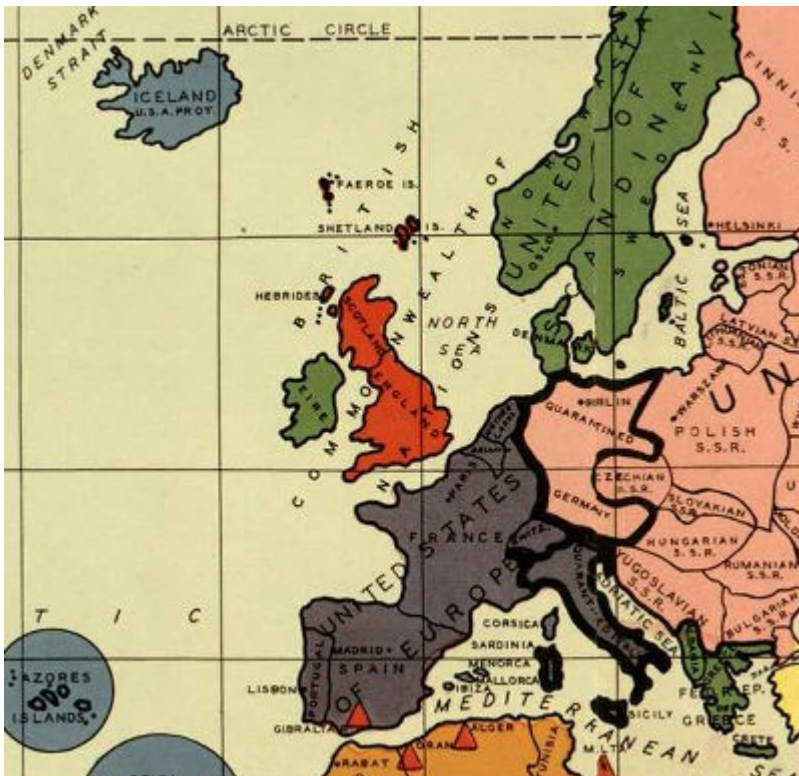

North America United States tsushiki. Canada, Central America and Mexico, the Caribbean has been transferred away to America, America is going to be marked at all without the enemy navy and air. What actually happened, but the merger of the country, has become little more than the map results.

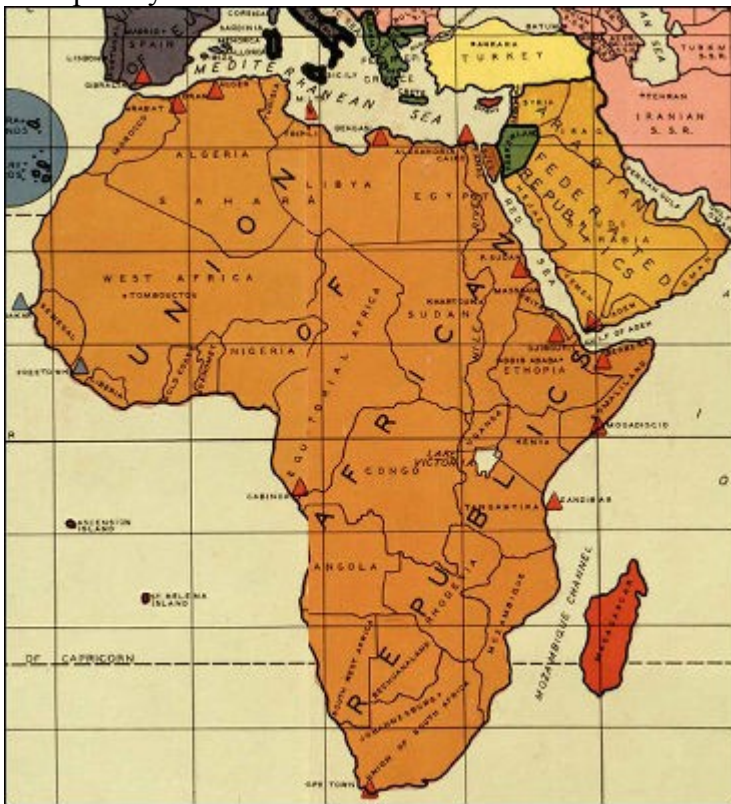

In South America, "Southern States (United states of south america)" was born. I really did not carry well.

In Europe and the Soviet Union territory to Germany, France and Italy, Switzerland has been described as the European Union Gassyuukoku unarmed. The decrease in the British territory appears to let go of Ireland has a vast territory in Southeast Asia and Oceania. In fact, Germany is divided into east and west, there was no association unarmed.

African continent, "the Federal Republic of Africa (Union of african republics)", in the Arabian Peninsula, "United Arab Republic (Arabian federated republics)" has been drawn. Might be better off ... so hopefully this street.

Asia at the end. Japan has been preserved, including the Kuril Islands and the territory of Okinawa, Iwo Jima and Bonin Islands has become American territory. The Korean Peninsula and Indochina also increasing the power of China, around the Indian subcontinent from Afghanistan and Burma (Myanmar) to India until all. There are oil and gas fields in Indonesia are mostly British.

And what this map looks like if the world, our life on earth right now ... I wonder what had become.

Written summary of the plan under the map seems to look like the following.

NEW WORLD ORDER -- DEATH OF AMERICA

OUR POLICY SHALL BE THIS:

1. "We, the U.S.A., in cooperation with our allies, for reasons of our national safety and in the interests of international morality, are determined to crush and completely destroy, the military power of the Axis aggressors and their satellites regardless of cost, effort and time necessary to accomplish this task.
2. The old world order of colonial oppression, exploitation of dominions, rival imperialisms and mercenary balance of power diplomacy; of majesties, dictators, privileged minorities, plutocratic monopolists and similar social parasites; the corrupted order responsible for the present world cataclysm, endangering our national safety and peaceful progress, shall never rise again.
3. A New World Moral Order for permanent peace and freedom shall be established at the successful conclusion of the present war.
4. For reasons of history, economic structure, favorable geography and the welfare of mankind, the USA must, altruistically, assume the leadership of the newly established, democratic world order.
5. To reduce the burden and criminal waste of armaments expenditures everywhere in the world, the USA, with the cooperation of Latin- America, the British Commonwealth of Nations, and the USSR shall undertake to guarantee peace to the nations which will be permanently disarmed and demilitarized after the conclusion of the present war.

6. In order to be able, in fulfillment of our obligations, to effectively prevent the possibility of a recurrence of another world cataclysm, the invincibility of the USA as a military, naval and air power, shall be the major prerequisite.
7. For realistic considerations of strategy and our invulnerability, it is imperative that the USA shall obtain relinquishment of controls of their possessions from all foreign Powers in the entire Western Hemisphere, its surrounding waters and strategic island outposts as outlined on accompanying map.
8. For considerations of hemispheric defense and in the spirit and tradition of the new Monroe Doctrine of hemispheric solidarity and the "Good Neighbor" policy, the USA, with the consent of the Latin-American Republics, shall obtain control and protectorate rights of the relinquished territories.
9. To strengthen our position in the Caribbean area which is of obvious importance to hemispheric defense, all possible inducements shall be offered to our neighbors of Central America and the West Indies to facilitate their entrance as equal states of the USA as outlined on map.

14. The USSR, the third military Power of importance cooperating with the USA as a Power for freedom and the maintenance of world peace, shall acquire control of the liberated, disorganized adjacent areas and those of Germany-Austria to be reeducated and eventually incorporated as equal republics of the USSR, as approximately outlined on map.
15. A World League of Nationalities with arbitration and supervision powers shall be organized.

To cleanse the populations of the defeated Axis aggressors of the intoxication of military chauvinism; to effectuate the removal and destruction of their potential military establishments; to recover the accumulated loot and to re-educate them for their eventual membership in the Family of Nations, the areas of Germany-Austria, Italy and Japan shall be hermetically and indefinitely quarantined and administered by appointed Governors subject to supervision by the World League of Nationalities.

38. To reduce the numerical power of the aggressor nations, as a potential military advantage, a Population Control Policy shall be elaborated and applied in the quarantined areas.

39. In the New World Moral Order which we seek to establish, beside the essential political freedom, the following fundamental economic changes are imperative:

(a) Nationalization of all natural resources and equitable distribution of same to all nations everywhere in the world;
